Fairest of all. . . among the Norsemen

The tower entrance and the Viking are symbols of Jackson High School. The tower entrance represents strength and quality in the structure of the school. Those who reinforce this strength and support this quality are the faculty. The Viking represents the spirit and pride of Jackson High students. Years ago the Viking sailed from his own country to seek new horizons and a higher goal. Through the pages of this yearbook are new horizons and higher goals which Jackson High, in the same Viking spirit, achieved in 1955 and 1956, contributing to the wealth of honors received down through the years.

To the students of Jackson High School

For many years Jackson High School has enjoyed its position as a leader among high schools in the state and in the nation. Much could be said for the fine guidance and inspiration which has traditionally been a characteristic of the administrators and the teachers, but our prestige could not have been attained and maintained without that continuous stream of individuals which constitutes the Student Body. The Student Body is a community which exists indefinitely as individuals join it and leave it. Each person in this unending flow of students has contributed to and absorbed from the association known as the Student Body. It is to this ever-changing community, to those who have gone before us, those presently comprising Jackson High School, and those who in the years to come will carry on the high standards of achievement we proudly uphold, that this Yearbook for nineteen hundred and fifty six is dedicated.

Faculty

For thirteen years Jackson High School has prospered under the able leadership of W. Earl Holman, Principal, and Royal F. Dressel, Assistant Principal. They are directly responsible for the smooth operation of our school. Both can be counted upon at any time for individual counseling with adjustment problems or educational guidance, or assistance in any need.

In addition to Mr. Holman and Mr. Dressel, Jackson High is fortunate to have five other student counselors who have been specially trained for their job.

Next to the Student Body, the most important element in any school is its faculty. Our faculty is active in the Teachers' Club, a city-wide organization headed by Mr. R. W. Cooper. One of the most anticipated events of the faculty is its annual fall picnic held at the Girl Scout camp for the staff and their families.

Besides their work in the capacity of teaching, our faculty willingly acts as advisors to many student affairs —from clubs to chorus line rehearsals. It is characteristic of the faculty to go above and beyond the call of duty wherever their assistance is desired.

Student Government

Twenty-five years ago Student Government was organized at Jackson High School by Dr. J. R. Emens, who was then assistant principal. From that time on, a governing group of students has grown to be one of the most important phases of school life at JHS.

From each homeroom a student is elected to Student Representative Assembly for one semester. Once a week and sometimes more frequently, the Assembly meets to discuss and decide issues that effect the whole school. From the Student Body a President and Vice President are elected who preside over Student Representative and Student Council meetings.

Student Government undertakes or participates in many projects which are scheduled throughout the school year. The first this year was the Booster Parade whose success was notably greater than in previous years.

Twice a year the Student Body is called upon to support the Reflector Bi-Weekly with semester subscriptions, and it is the Representatives of Student Government who are the salesmen. Again, it is the Student Reps who are the bookkeepers for each homeroom during the magazine campaign, and who do the collecting for Viking Giving during the first semester.

For thirteen years Mr. Dressel has advised and greatly promoted Student Government.

Student Council

From the Student Representative Assembly, two Sophomores, two Juniors, and one Senior are elected to Student Council. The President and Vice President of the Student Body are presiding officers over all Student Council meetings. Policies and decisions concerning the school are the responsibility of the Council.

Members of the Student Council serve as chairmen of the Building and Grounds, Inter-School Relations, Special, Social, Social Service, Ways and Means, and Publicity Committees. One member is chosen to act as secretary at the meetings.

The Hostess Committee is elected by Student Council, and sponsorship of school dances as well as pep assemblies come under their jurisdiction. Viking Giving, the safe-driving campaign, and the magazine campaign are a few of the projects undertaken by our Student Government.

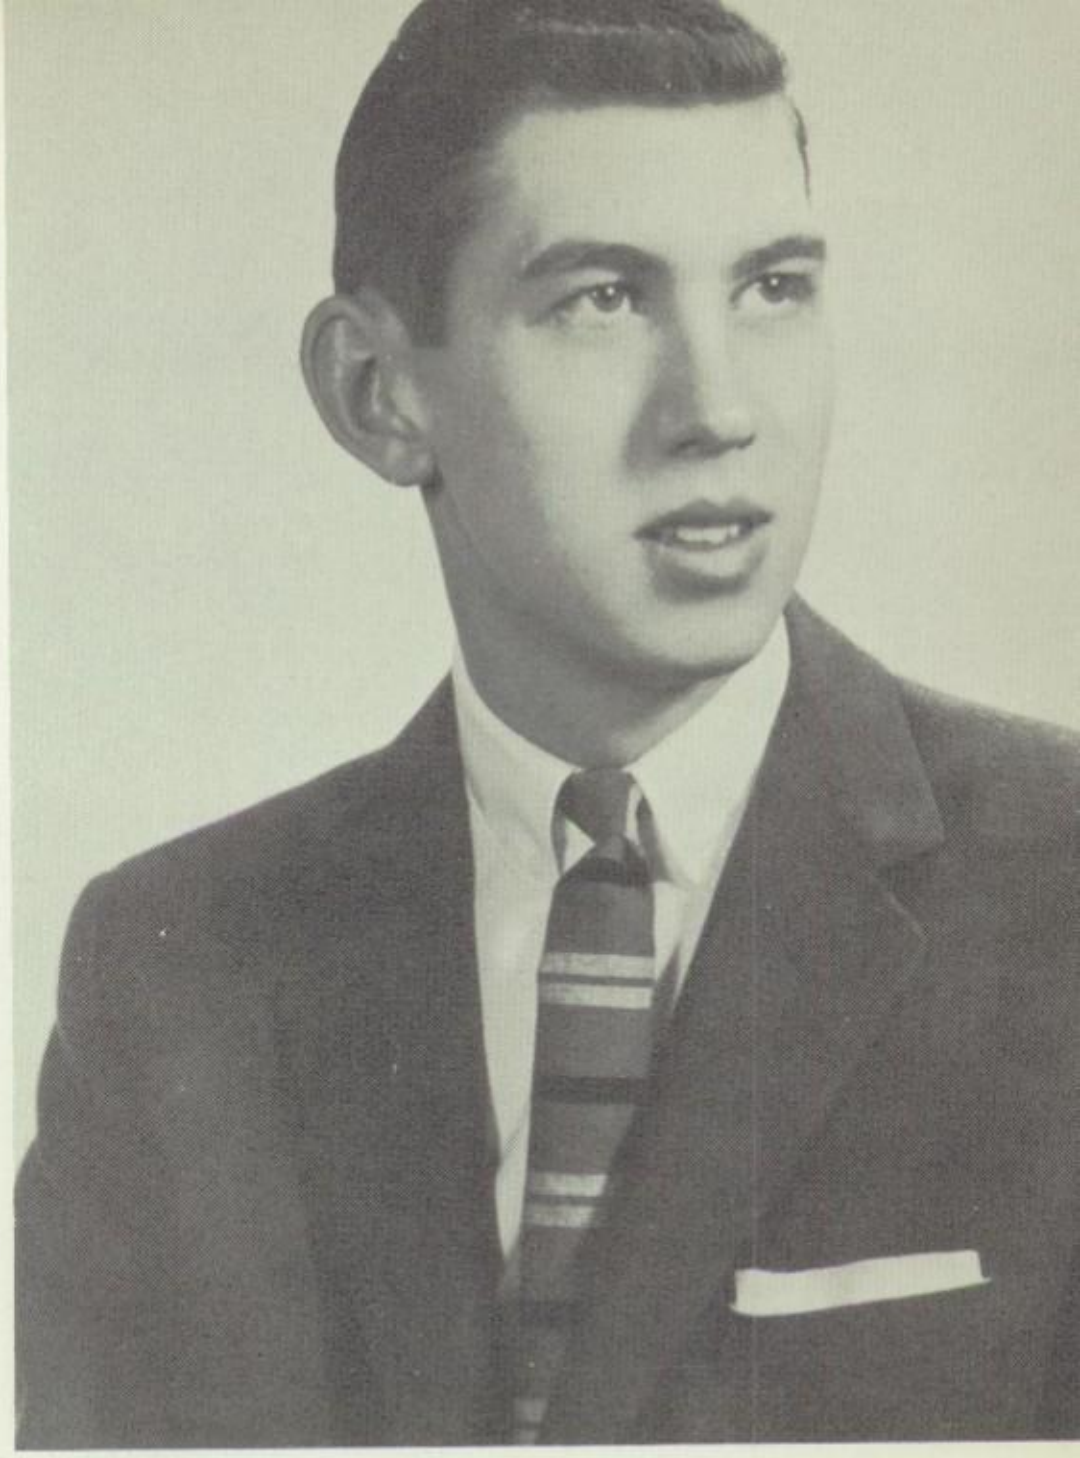
Richard Hill

Richard Hill became the student body president for the first semester and did much to help the new school year begin smoothly. The annual Booster parade, held after the first football game in the fall, was one of the most successful in years and much of the success was attributed to Dick. He took a great interest in careful driving and urged all students to participate in the safe driving campaign. During an Easter assembly, Dick made a memorable speech in which he said, "This morning I am not saying that world harmony will come, I'm only pointing out the one possible door through which it could enter, that door of Eternal love and understanding." Jackson High will always remember that speech and the president who made it.

Mary Roberts

The student body will always remember Mary Roberts for her quiet charm and well rounded personality. For these things, Jackson High elected her as the first semester vice president. Mary organized the hall guide system efficiently in the beginning of the year and the system ran smoothly throughout the semester. She acted as head of the Hostess Committee and served as hostess at the dances held after the football games. Mary acquired many admirers and friends during her semester as vice president.



Edward Johnson

Early in his high school career, Ed Johnson distinguished himself with a remarkably pleasing voice and unusually poised stage presence. These qualities helped him a great deal in his debate work and enabled him to turn in an excellent performance as M.C. of the Viking show. Before Ed became President, he was active in Student Representative Assembly as Treasurer and in Student Council as Chairman of the Ways and Means Committee. The high honor of President of the Student Body was well placed in Ed Johnson. A person of high qualities of leadership and integrity, Ed's contributions to Jackson High will not soon be forgotten.

Phyllis Farris

In December, Jackson High School gained a capable Vice President when Phyllis Farris was elected in one of the most exciting elections in years. During her high school years, Phyllis has won the admiration and respect of the entire Student Body, by her active participation in Student Government, both in Student Representative Assembly and Student Coucil. As early as the tenth grade, Phyllis was elected to Hostess Committee, and before becoming Vice President, she served as Secretary of the Committee. These are only a few of the long list of activities Phyllis can claim. Truly, Phyllis Farris has not only maintained, but has uplifted the high standards past Vice Presidents have set, and future Vice Presidents will attain.

The Sophomores

Sophomores are the essence of three entirely new years for Jackson High school. As the sophomores progress through their three years, they observe student leadership and absorb education from books and from experience.

L to R: P. Parrish, P. Runnels, S. Demay, T. Limmer, N. Allen, S. Emmons.
SEATED: I. Terrell.

L to R: P. Toms, B. Meade, D. Gresso, S. Newton, T. McInerny, D. Dahlem.

With these factors, a new generation full of vitality and plans for this school's future can leave Jackson High in 1958, a credit to themselves, their school, their community, and their nation.

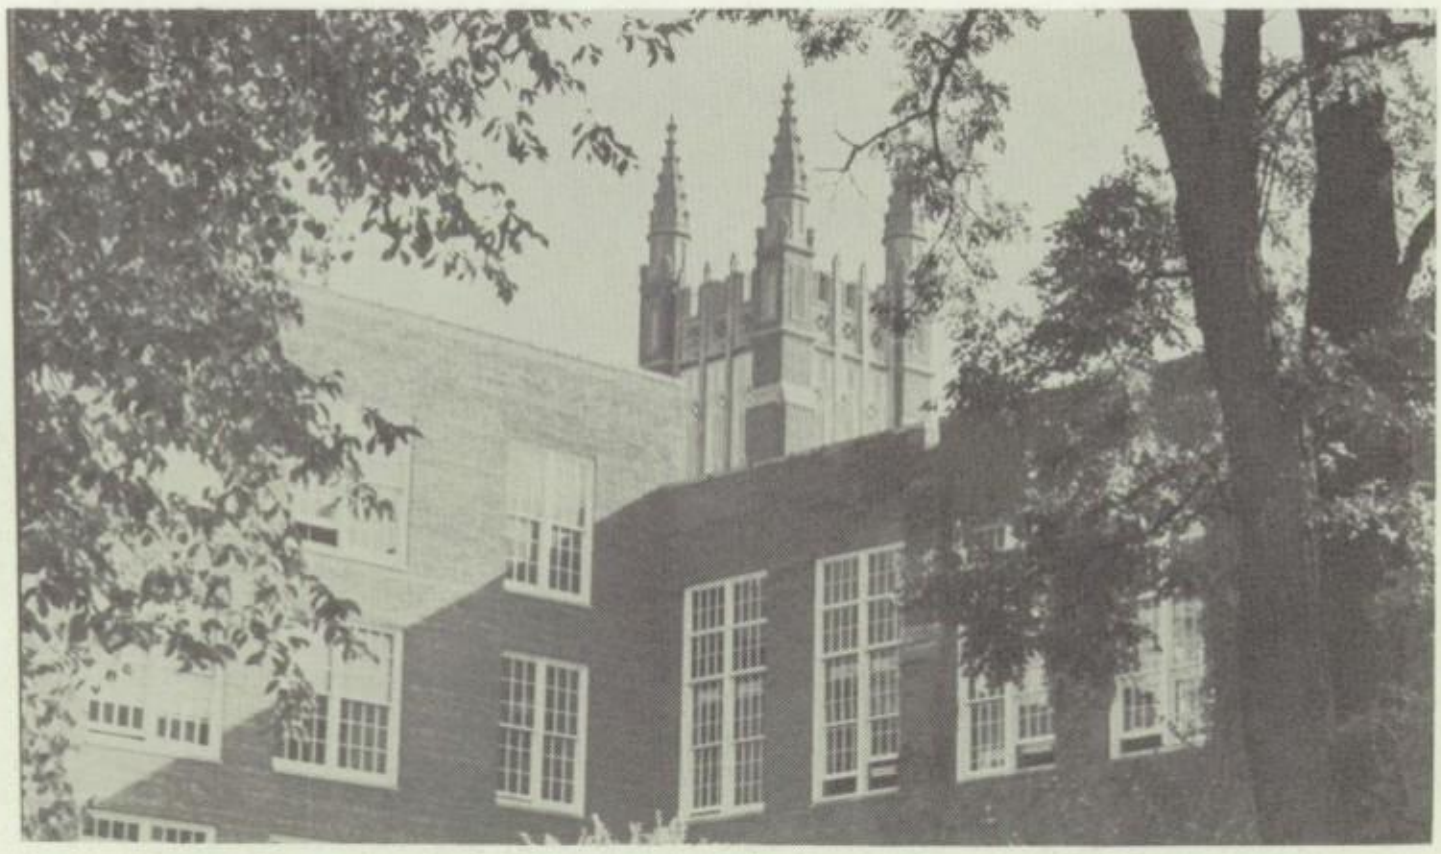
A typical day means more than waking in the morning, eating during the day, and sleeping at night. A person thinks and acts upon impulse and absorbs and gives thought witout even realizing that this is all part of a typical day. Every day made up of minutes and hours forms a week, a month, and then a year. You look back on that year and wonder what you contributed and received from every hour, day, and week.

When you think about this past year, you remember an active year of sports, dances, government, elections, campaigns, assemblies, and, above all, your studies. A typical day in this great year might have begun with a slam of the hall locker and a hurried dash down the hall with your eye on the time and a load of books under your arm. Your studies in the typical day might have consisted of calculations in geometry, conjugations in a foreign language, experiments in chemistry, arpeggios in music, and discussions in American government. At the end of the day there is another slam of the hall locker and with the same load of books you hurry off to another activity. All these typical days blend into weeks and they turn into a successful year created by you, a student of Jackson High.

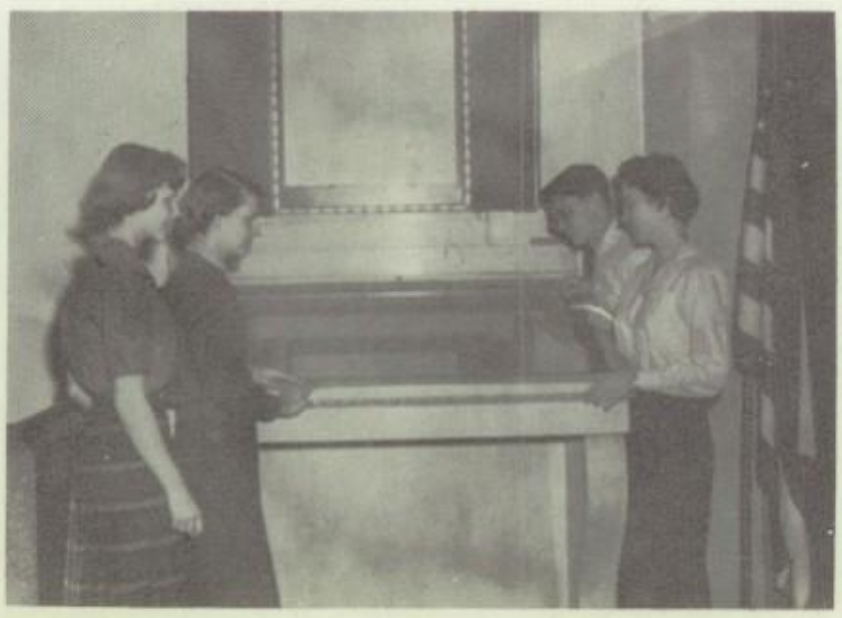
JHS traditions

This Latin room is one of the outstanding rooms in school.

As you walk into the tower entrance, a quotation of Daniel Webster may be read.



From any side of the high school building you may see the traditional and impressive tower.



We proudly display the Constitution of the United States and Declaration of Independence.

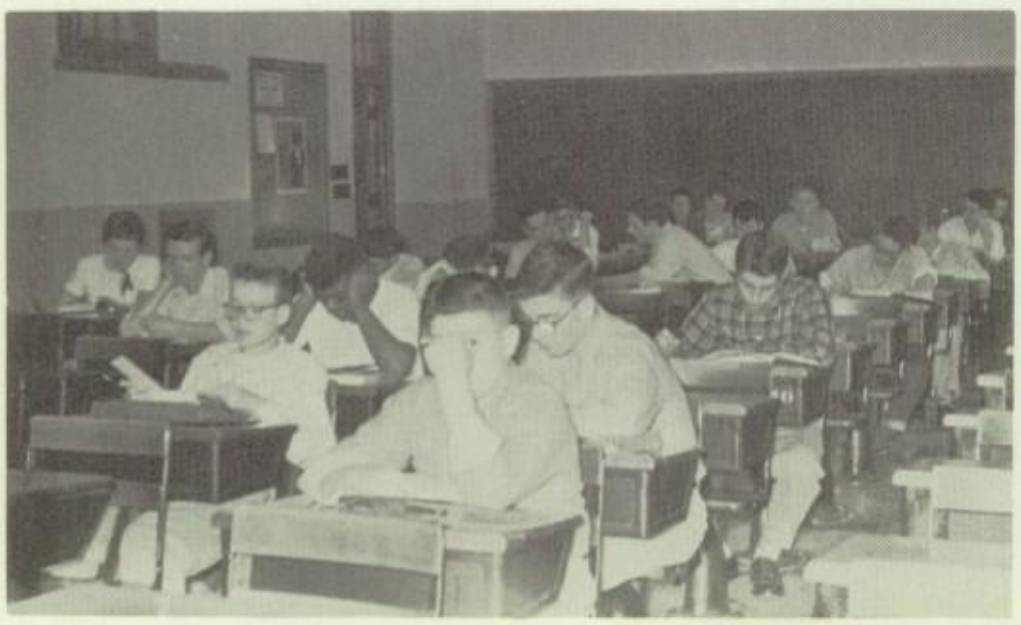
Britten Hall, which was named after a former teacher, is used as an English class room.

A typical day

A typical day begins with a brisk walk to school.

Once inside the school there is a shuffle of books and slamming of hall lockers.

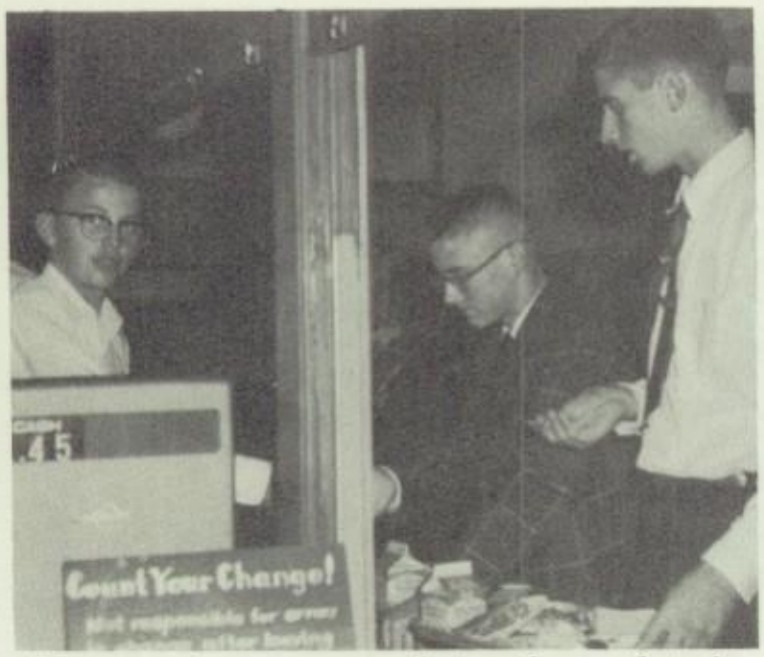
Cadet Choir enjoys singing in harmony under the direction of Mr. Cripps.



Sometimes we actually work in study hall.

Mrs. Johnston teaches Spanish, one of several foreign languages offered in high school.

at JHS.



Hot meals are served in the cafeteria where everyone can be with their friends.

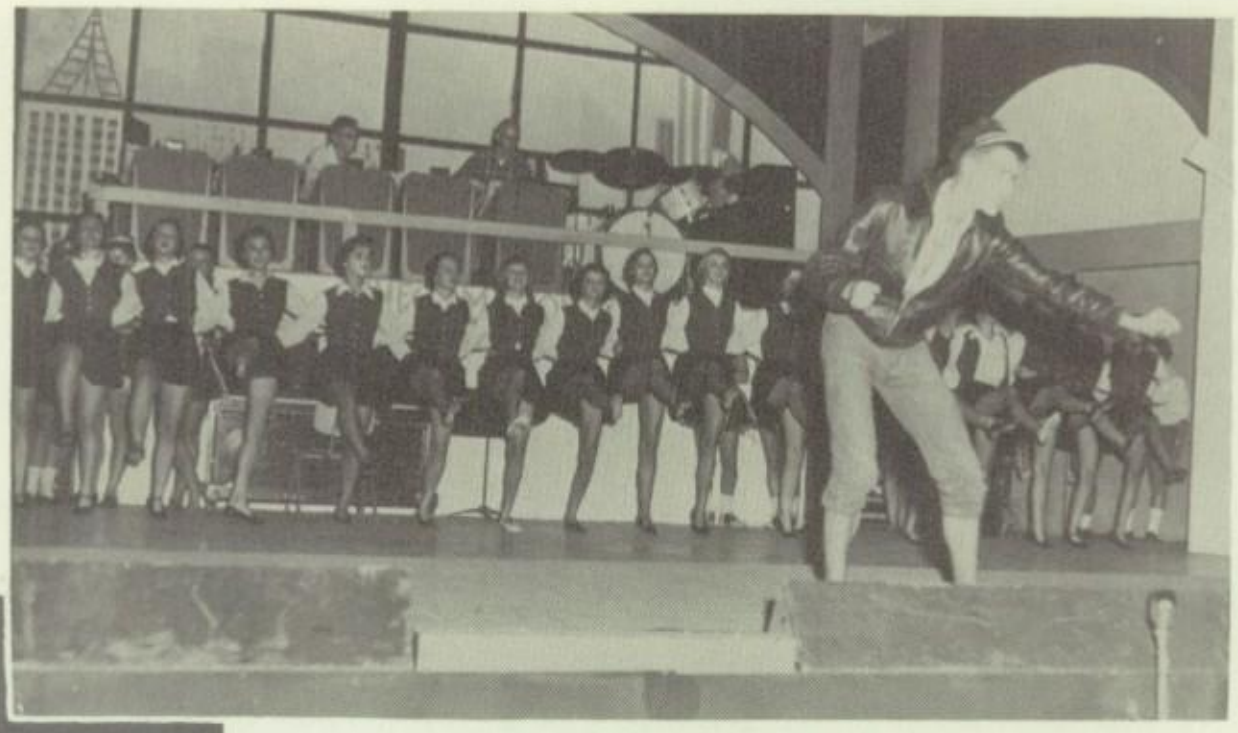
In Mr. Barnett's American Government class students learn how our government functions.

Mr. Newark's chemistry classes consist of laboratory and manual work.

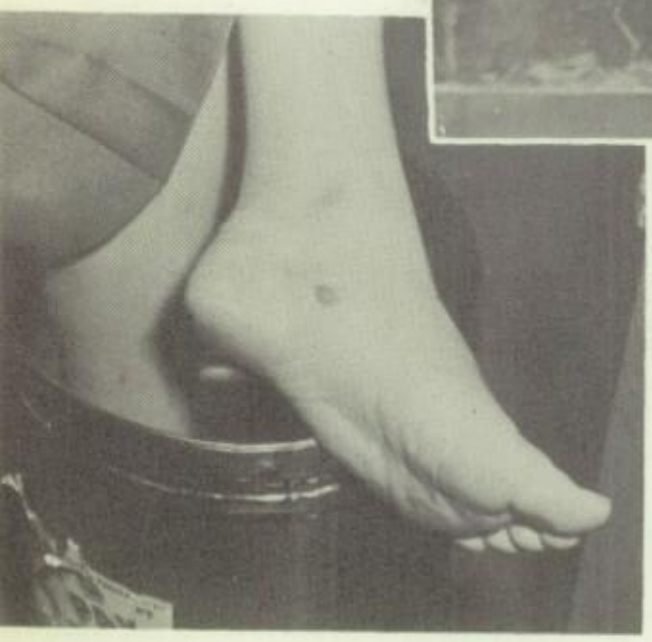
Geometric figures, congruent, and parallel lines are familiar terms in Mr. Hatch's geometry class.

At the end of a typical day students head for their homes or various activities.

Viking Assembly



The theme of the Viking Assembly this year was Grand Central Station. Many JHS girls participated in the various chorus lines such as the "Black Denim Trousers" line shown here with Rick Lenz.



Long hours of chorus line practice resulted in stiff legs and blistered feet, but also good stage experience and a lot of fun.

Among the various chorus lines, music ensembles, and novelty acts was an acrobatic stunt performed by Sandy Avery.

Bob – So that you won't need a "Transfusion" here's a bit of advice: Never let the grass grow under your feet – it tickles!
Dean Garrison

A talented quintet consisting of Howard Brooks, Joellyn Hall, Dean Garrison, Betty Packard, and Jim Worden sang (?) "The Yellow Rose of Texas."

Magazine Assembly

JHS faculty members opened this year's magazine campaign with a humorous take-off on the "Mickey Mouse Club" TV show. One of the acts included a song sung by "Snow White and the Seven Dwarfs."

Each teacher, introduced by only their first names, entertained their audience with jokes, skits, and even a ballet!

A faculty jazz-band played several numbers and other teachers sang solos, revealing their hidden talents.

A ventriloquist and his life-size partner proved to be a very different and amusing team. Proceeds from the campaign were used to support and promote JHS activities.

Assemblies

Mr. Barnett spoke in an assembly honoring the tenth anniversary of the United Nations. Colorful flags of different nations provided an appropriate background.

The regional award in a national model car competition was given Jim Sampson, a junior, by the Fisher Body Craftsman's Guild. The prize-winning model is in the foreground.

Mr. Cripps directs his seventeen-member Madrigal group in the Thanksgiving assembly.

The School Serves . . .

As a school service, identification pictures are taken for all three grades every fall. Students may purchase a set of pictures taken from the identification poses at a reasonable price.

One of the services offered by the JHS health program is a hearing test. This test is given to all sophomore students during their first semester here.

As a service to students, the Student Council provides a free telephone which is available at any time during the school day.

And After Hours. . .

This year's Booster Parade, held on the night of the Dearborn football game, attracted a record number of decorated cars that wound their way from the post office to the football stadium.

A school dance is a perfect ending to a long busy week. The JHS dance band and records provide the music for these all school dances.

In November, parents had a chance to meet teachers, the administration, and other parents at the annual Open House. To start the evening, there was a short program which featured the Euphony Choir and a talk by Mr. Holman.

The library is in use all day every day. The student's work is never done!

All of us, regardless of our race, creed, or color, have the right of freedom of religion. At the end of a long and active week we have the privilege of attending the church of our choice and in our own way may offer a prayer of friendship, hope, peace.

In spite of the 1955 record of no wins and five losses, the track team produced many outstanding players. Ken Miller set a pole-vault record of eleven feet eleven inches, breaking the eleven feet ten and a half inch record which was set by Jim Hinkle in 1953. Other outstanding figures were Orlando Hines who excelled in the broad jump, Bob Rentfrow over the hurdles, and Karl Parrish in the mile run. Coach Chris Jensen has been working with all of the boys building up skill and sportsmanship which will be of value for future teams.

The golf team, coached by Mr. Fedore, enjoyed a ten-win no-loss record last spring. Their hard work resulted in the 6A Crown and the state championship. The team showed over all balance and a very promising future. Bob Zimmerman was the Medalist in the state meet. Outstanding contributors to the golf team were Brian Bell, Larry Leach, and Bob Rosenfeld, all of whom graduated last June.

Last spring Coach Kiley saw his tennis team make a record season with ten wins and one loss, taking the 6A Crown for the third consecutive year. Charlie Waits was in the first singles position on the team, Ed Gaines was second, Rick Potenz third, and Mac Sargent occupied fourth position. In the doubles line up, Gordon Griffes and Rudy Kalafus were first, Don Barnett and Chuck Alexander second, and Ron Johnson and Jim Parkinson were in third position.

With a record of five wins and six losses, the 1955 baseball team placed third in the 6A League. This was the best win and loss record for the Viking team in several years. The main highlights of Coach George Mesko and the team's season were two one-hit games. One was pitched by Jack Schomer and the other by John Williams. Outstanding team members who scored grand slams, double plays and an occasional foul were Dave O'Sullivan, Jack Schomer, John Williams, Dick Dodge, and Jack Zaski.

Cross country differs from football or basketball games in that each member must work individually in order to score points. This year's cross country team showed exceptionally fine sportsmanship and competitive spirit which was very necessary for their 1955 record. The Viking team won five of their meets and placed high in five other triangular or multiple meets. Among the many team members who did so much for the season's record were the co-captains Mac Sargent and Tom Blake, Paul Parrish, Gary Evans, Ron Johnson, David Pobst and the greatest contributor to the team's spirit and winnings, the coach, Chris Jensen.

Jackson High School saw a victorious season of football this fall. The Viking team completed a season record which has not been equalled since 1945. With a record of five wins, two losses, and one tie, the team scored a total of one hundred and seventy-six points. This also was the first year since 1945 that newspaper sports writers have given high ratings to a Jackson football team. Co-captains Ken Miller and Ted Renfer, along with the many spirited team members and the excellent coaching of George Kiesel, George Mesko, and Robert Fedore, were responsible for this most successful year.

The boys on the reserve football team learn the fundamentals of football through experience. They acquire thorough training in football and learn the value of good sportsmanship which is necessary in becoming a member of the Jackson Viking varsity team. Under the coaching of Dennis Kiley, George Bender, and Charles Christensen, the reserve team won three games and lost three.

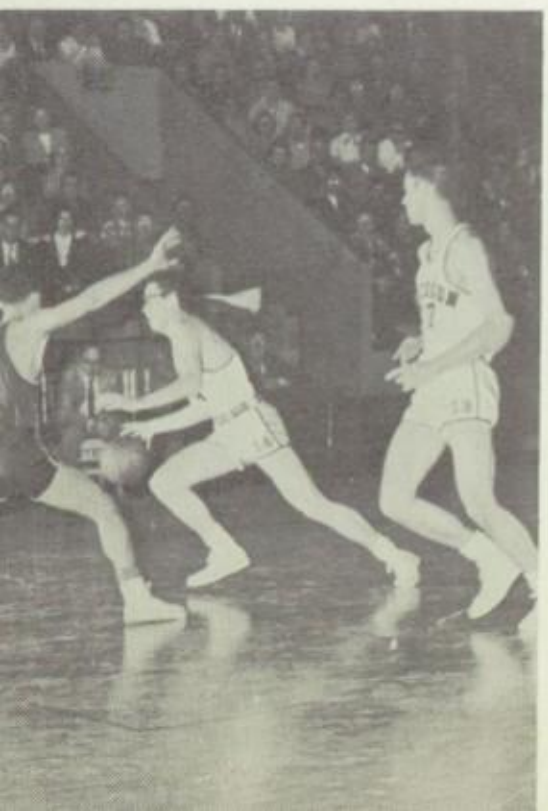
Varsity Basketball



The J.H.S. varsity basketball team finished their season with a record of ten wins and five losses. The team went into the district tournaments losing their first game. In the 6A League, the Vikings placed second.

Bob Zimmerman broke the school record of 268 points by scoring 276 during the season. Bob was the only player from the 6A League who was chosen for the All State First team. Other high scorers who contributed to the Vikings' ten win record were Jack Schomer and Jack Grimes.

Junior players such as John Howe, Carl Walker, Bruce Campbell, and Jack Grimes will be back next year, ready to try for the championship. With Coach Don Ogden's instructions all of the team members played a successful year.

With an even more successful season than last year, the reserve basketball team finished with a thirteen win, two loss record. This excellent record points out that there will be some outstanding players in the next couple of years. Mr. Kiley instructs not only the fundamentals of basketball to his players, but also the qualities of good sportsmanship and quick thinking. All of the reserve sports in JHS prepare the boys for varsity teams later on in their school years.

Coach Will Cooley and Captain Jim Waller saw their swimming team close the season with a six win, four loss record. The club finished second in the Cereal Bowl Relays at Battle Creek. In the 6A League, the team finished third behind Ann Arbor and Battle Creek. The outstanding performance was Jackson's medley relay team composed of Mike Mathews, Jim Waller, Mike Natelson, and Gary Cattell. These boys placed first in the state and turned in one of the fastest times in the nation. The team lacked individual stars but the all around depth was improved over last year's squad.

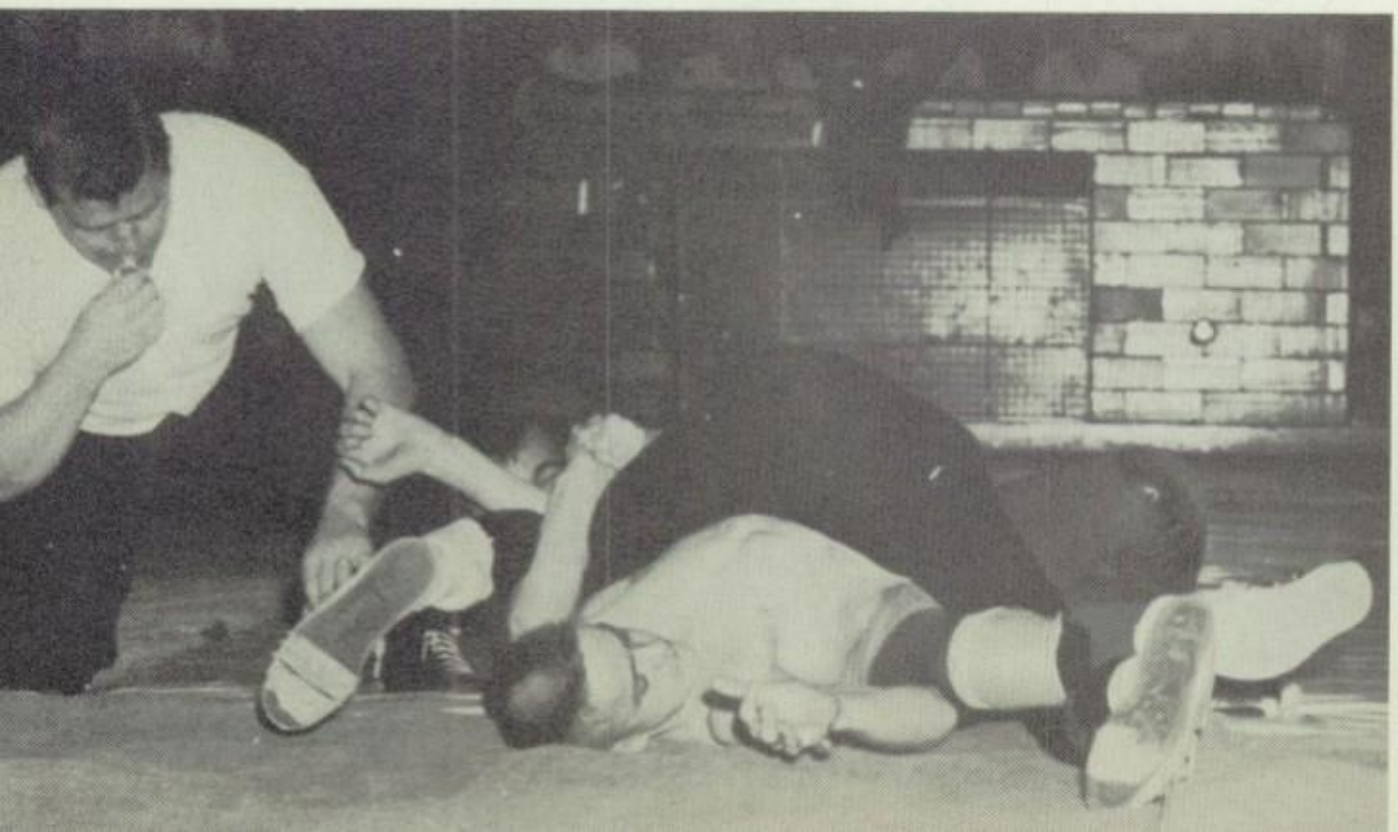
Coached by Mr. Bender, the wrestling team ended their season with an exceptional record of four wins and four losses. This year could very well mark the beginning of wrestling becoming a major sport at JHS. Made up of a majority of Juniors, the squad displayed more experience and more depth, which made substitution easier. Captain Duane McIntyre helped the boys maintain an excellent spirit throughout the season. Outstanding members of the team were Bill Johnson, who placed second in the state, Duane McIntyre, who placed third in both the regional and state contests, Charlie McClelland, who was third in the state, and Alvin Cheesbro, who came in second in the regional and state meets.



Cheerleaders

S. Emmons, L. Miller, C. Forbes, S. Newton.

As representatives of high school spirit and enthusiasm in any athletic event, girls of the highest character are selected to be cheerleaders. Squads are composed of girls who not only are accomplished in cheerleading skills, but outstanding scholastically and in their personality and ability to get along with others. Out of a great number of girls who try out for the cheerleading squads, only a few are chosen. The girls selected this year had an unlimited supply of pep and energy and even in foggy, cold, or stormy weather could give a big rousing Viking cheer.

The Girls' Athletic Association was organized in 1931, and 1956 marks the Association's silver anniversary. At the time of their organization, G.A.A. established as their purpose "to better promote the ideals of health and sportsmanship in girls' athletics", and now have added to this purpose, "to stimulate interest in extra curricular activities in physical education for all the girls of the high school."

G.A.A. meets after school in the gymnasium and girls may participate in any of the sports offered. Awards are given to girls at the end of the semester for their ability, attendance, and sportsmanship. Advisors for G.A.A. are Mrs. Whiting and Miss Stafford. The officers for this season were Norma Buchanan, President; Merrie Ladd, Vice President; and Joan Tuttle, Secretary-Treasurer.

The flip of a coin and the choice of serve or side of court began each volleyball game this year for G.A.A. Techniques in volleyball such as the over-hand and under-hand serve, spike, slam, and a set-up were quickly learned and tournaments were soon underway. Two teams, eight girls on each, participated in volleyball first semester and four teams second semester. With Jeanne Thayer as manager and Mrs. Whiting as their instructor, the teams met on Tuesday nights, and each girl enjoyed the excitement and competition of every game.

Organizations

J.H.S. Marching Band.

The excellent marching band displayed numerous intricate formations besides skill in musicianship at all the home football games and two away games. Membership in the band was increased to eighty, and will probably undergo more additions later on. New spats and crossbelts were purchased and in use for the fall season. On Band Day in Ann Arbor in October, the Jackson High School band occupied a place of honor next to the University of Michigan Band. The marching band is another of Mr. Shoemaker's projects.

Concert Band

After the football season, the marching band, under Mr. Shoemaker's direction, becomes the concert band. Besides their concert in January, the band participated in the district and state festivals in the spring.

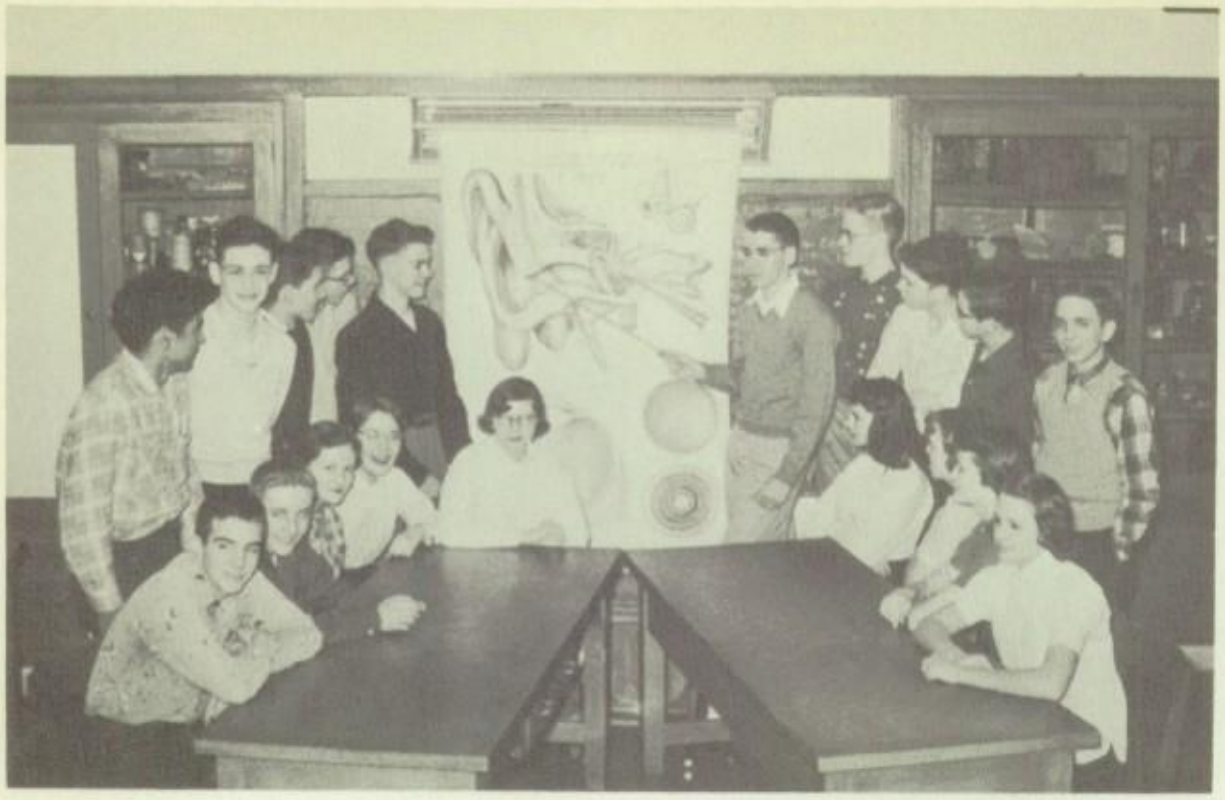
Library Club

The service performed by the assistants in our school library is a real and necessary one. They help the librarians keep the books properly shelved and aid students trying to locate books or information.



SEATED L to R: L. Taylor, T. Everingham, S. Anderson, C. Day, S. Matthews, J. Hommerding, L. Jacob, A. Linden, S. Main. STANDING: J. Medina, J. Ahronheim, J. Thurston, T. Seager, F. Kline, T. Detwyler, D. Sherman, T. Rice, C. Ward, B. Farren.

Biology

Mr. Wendt and Mr. Johnson of the biology department were the advisors for the Biology Club this year. In the fall, an initiation expedition was planned in order to acquaint new members with Bird Haven, the nature sanctuary which is used by the club. An occasional speaker provides more information about nature for the club and discussions and projects are developed through bi-weekly meetings.

Art Club

Two art clubs were organized this year for those who enjoy working on projects outside of the regular art classes. Throughout the year the art clubs design colorful displays, which add an artistic touch to the school. At Christmas, a setting of three wise men was displayed in the showcase. Advisors for these two clubs are Miss Rosenberg and Mr. Nyberg.

L to R: R. Jakubas, D. Barber, P. Foster, Mr. Kebler, S. Green, G. Gastan, S. Allen, D. Prus, G. Surbrook

A very successful year was completed by the Future Farmers of America. These boys, advised by Mr. Kebler, won several first place positions in contests with their agricultural projects, speeches, and essays. The F.F.A. boys participated in the city-wide Science Fair and celebrated national F.F.A. week by broadcasting over the radio. F.F.A. is organized for the purpose of learning more about agriculture and each boy develops a thorough knowledge of the modern day methods of farming.

L to R: C. Furgason, J. Stephenson, Mr. Wallace, G. Evans, B. Simmonds, D. Carmer, L. Hirshman

Jr. Engineering

Engineering as a profession is the hope and interest of the J.H.S. boys belonging to the Junior Engineering club. This club, advised by Mr. Wallace, was organized because of the increased interest in engineering throughout the high school. The only requirement to become a member of Jr. Engineering is one or more semesters of algebra. Each member develops a project as their work for the year and they receive experience in this work which will benefit them in their future work.

Office Training

A Christmas party, gifts for the needy, and other get-togethers throughout the year are activities of the Office Training club. Girls who participate in the office training program, attend school and work half days missing a good deal of the social life of J.H.S. The Office Training club, advised by Miss Gibson, is organized to provide social activities for these girls.

Advertising

We wish to express our heartfelt thanks to our advertisers, without whose support this yearbook would have been far from a possibility. Their cooperation and backing is displayed time and again, not only in this publication, but throughout our high school enterprises. This ready willingness to support on the part of the businessmen of Jackson exemplifies a civic-minded and openhanded spirit the community of Jackson seems to possess. We thank you, our backers.

REDDY KILOWATT
YOUR ELECTRICAL SERVANT

High school years are happy years for most boys and girls. In addition to work and study, the many social activities, sports events, and the thrill of graduation account for pleasant memories that last all through life. But there's one person in this picture who is generally overlooked, and it isn't until the student starts to make his way in the world that he fully appreciates how much his teacher or instructors meant to him. School teachers are mighty important people. Teachers more than any other group have the greatest responsibility for building strong characters and molding the ideals of good citizenship among today's boys and girls . . . our leaders tomorrow.

Reddy Kilowatt, your electric servant, wishes you and your teachers every success in your future undertakings.

"Time does not become sacred to us until we have lived it."

Burroughs

When we make our way through a hall of laughing, talking, and friendly fellow students, the hours we spend in school seem endless. As a sophmore, graduation seemed a long way off, as a junior there was still another year in front of us, but in our senior year we looked back on our years of school and realized how quickly time passes by. Now as we stand and look down through an empty hall, our three years of high school flash back through our minds. We walk down that empty hall and pass through the doors for the last time as a student of Jackson High School and begin a life of new horizons and higher goals in a future of college and business occupations.

Bob —
I wish you the
best of luck in the
future —
